### **DETAILED ACTION**

This Office Action is in response to an Amendment filed on 11/07/2005.

Currently, claims 7-17 and 19-22 are pending.

#### ***Allowable Subject Matter***

1. Claims 7-17 and 19-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art, either singly or in combination fails to anticipate or render obvious, the limitations of:

...patterning the ONO layer to create a first set of ONO structures that define locations for a plurality of diffusion bit lines of the fieldless array; then forming a plurality of word lines over the first set of ONO structures; and then patterning the first set of ONO structures, thereby creating a second set of ONO structures, wherein the second set of ONO structures are located entirely under the plurality of word lines, as required by claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
